

Luxury Safari is Child's Play at Royal Madikwe

Royal Madikwe is unlike other luxury safari destinations and welcomes families with children of all ages. Due to the exclusivity that we offer, families can relax and feel at home. Children are stimulated, educated and entertained by their African bush surroundings and by our warm, friendly team.

Royal Madikwe encourage family game drives rather than separate kiddies' drives, as a safari is the perfect family experience for all to share and game drives can be designed to suit all interests and wishes. Our knowledgeable rangers are very personable and will assess and evaluate which sightings the children would enjoy most. Many safari lodges do not offer the big five experience to younger children but as each safari kid is different we prefer not to presume but rather to wait and see.

However, we know that Mum & Dad may enjoy some solitude during the long and languid Madikwe afternoons, so we offer the services of a nanny to keep the Safari Kids entertained with educational, interactive and fun activities.

Meals are discussed with our chefs on a daily basis and menus are designed to suit even the choosiest of appetites. Earlier meal times can be arranged for children. During Mum & Dad's Dinner the kids can be taken care of with cookies and story telling to unwind after their eventful Bush Day.

No set itinerary is offered but rather decided upon on arrival at Royal Madikwe.

Here are some of the fun activities & games we offer:

- Face Painting
- African Beading & Jewellery Making
- T-shirt Painting
- Learn Tswana Greeting
- Bush Baking
- Identifying Animal Tracks
- Educational Reading Books
- Wildlife DVD's

Any special requests other than the above should be arranged prior to arrival.

Our nanny is available in between game drives and during meal times but should guests require a full time nanny, we would need to be informed prior to arrival.
